

## Cemetery Building Bids

Big Rapids Township will be accepting bids for the removal and replacement of a 20 x 30 masonry building at the entrance of Highland View Cemetery. See prints below. A local group of City and Township citizens have been working to raise donations for this building. The goal is to have the façade look as close as we can to what exist now. This has been the focal point as you enter the cemetery and has been for ninety-nine years. The current building is in poor shape and useless. The new building will be used for small funerals or just a reflection point for people to come in and sit.

Any suggestion will be considered if there are areas, we can save cost on. We would also like the electrical and heat bid separately, these may need to put off until a latter time depending on cost. This could be a fill in project for someone or even a winter project. Our goal would be to have it completed by spring 2021.

Bid will be accepted until July 14, 2020 at 10:00 am. Sealed bids need to be dropped off or mailed to the township clerk, Hannah Saez, 14212 Northland Drive, Big Rapids, MI 49307. For any questions please contact supervisor Bill Stanek at 231 796 3603.

The township reserves the right to accept or reject any or all bids.
